

Dynamo 3-piece Shield Set Installation Instructions

Dynamo's 3-piece Shield set will help to keep the puck on the table and discourage the placement of drinks on the table's side rails. While it will create a safer environment, no shield has been invented that will keep every puck on every playfield every time. Exercise caution during play, keep hands and fingers clear of the playfield, and always follow the instructions from Dynamo Caution Label, part # 850404030

Kit Contents:

- Side Shields 2
- Center Shield 1
- Rubber Grommets 18
- ¼ -20 x 1½" Black Oxide Hex Bolts 4
- ¼" Black Oxide Washers 4

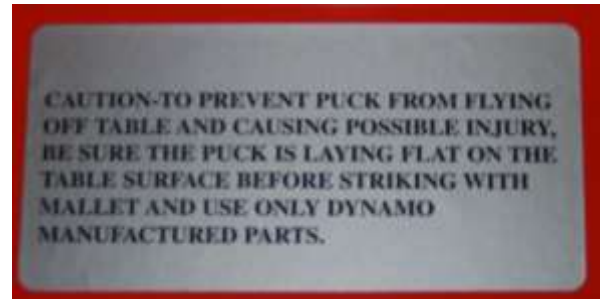

Tool required

- Phillips Screwdriver

1. Remove the bolts from the Side Top Rail EXCEPT FOR the bolt at the very end of each Side Rail.
2. Insert 13 Rubber Grommets into the holes from the top of each Side Shield (7 on one, 6 on the other)
3. On the Dynamo Fire Storm, align the Side Shield over the LED light strip, so that the lighting is inside the groove of Side Shield.
4. Align so that the flanges of the Side Shields go to the outside. Shield toward the playfield.

5. Re-install—but do not fully tighten-- the Top Rail bolts previously removed
6. Install (2) Rubber Grommets in each of the Side Shields, from the outside
7. Install the Center Shield by aligning it with the two holes in each Side Shield—flat side down, arched side up-- and assemble using the 4 bolts and 4 Washers. NOW tighten the Top Rail bolts
